I conducted an interview with ex-offender with the conducted an interview with ex-offender with the conducted myself, she asked if this had anything to do with ex-offender she can be conducted in a hit and run accident and had lied about it for three days and didn't have a Washington State Driver License. I stopped her and asked how she got home from the hospital and she said her gentleman friend picked them up.

I asked Ms. The said her gentlemen friend had a name and stated it was Bernardo Brooks. She said he picked her and Ms. The pat St. Joe's hospital. I asked if he worked at WCCW, she said, yes, he's a correctional officer. She expressed she didn't want to get him in any trouble, he has been really nice to her and concerned about her surgery.

Then I asked her if she had been in contact with him recently. She said, yesterday, (which would have been the 26th, of August.) She said she had met officer Brooks sometime in late March in a nightclub called "Taber", in downtown Tacoma. She also introduced her oldest daughter to officer Brooks.

She said that at the time neither of them made a connection that he worked as an officer at WCCW and she an offender. She said she danced with officer Brooks before the end of the evening and gave him her cell phone number.

Ms said they talked on the phone approximately 2-3 times during a two-month period. She said officer Brooks called her approximately 2-3 days after their meeting in the nightclub. In late May she ran into officer Brooks at the 72nd Street, Fred Meyer in Tacoma. She said they talked about his job because he was wearing his uniform pants. During their conversation officer Brook told her he worked at WCCW. Ms. said at that time she told him she had been incarcerated at WCCW. She then recalled an incident and mentioned it to him and that he acknowledged the episode during the time she was at WCCW.

She said when she would talk to officer Brooks on the phone they would talk about his job and his life. I asked her what did he say about his job? She said nothing specific only that he had to work. She said that one of the times they talked she told him about her surgery scheduled the 2nd week in June and asked him if he would pick her up and he said he would to just call him a couple of days before the surgery. I asked if he gave her his cell phone number? Ms.

Ms. Said a couple of days later she was notified that her surgery was cancelled, and she called officer Brooks and told him. She then asked him that once her surgery was re-scheduled would he still pick her up and he told her yes.

Ms. Said in late July she was notified that her surgery was re-scheduled for August 20, 2004. She called officer Brooks and he said he would pick her up and to call him a

couple of days before the surgery to remind him to pick her up. She said he told her he

was working a lot of overtime and did not want to forget.

Ms. Said she called him on either Monday or Tuesday before her surgery but didn't reach him and on Friday and finally left a message. She said she the night before her surgery she called him and this time she spoke with him. Officer Brooks told her he would be at the hospital to give her a ride home.

Ms and aid when she checked into the hospital the admission nurse asked her the name of the person who was responsible for picking her up. She said she gave officer Brooks name and number. Ms said right before going into to surgery she was asked again the name of the person who was picking her up. When she woke up in the recovery room Ms. The and Mr. Brooks was there. While she was getting dressed and getting instructions from the nurse, officer Brooks went to get his vehicle. She said officer Brooks picked her up at the entrance and drove her and Ms. The coher apartment. She said that once they arrived he helped her up the stairs then left.

Ms said that the next morning she went to move her vehicle and noticed the passenger side had damages. She then drove to the transition house to talk to Ms. and find out what had happened to her vehicle and was told that the police had come by last night and said her car was in a hit and run.

Ms. Said she contacted the police and spoke with Detective Brooks, telling him that Ms. Swar was the driver of the vehicle while she was in surgery. She gave Detective Brooks, Officer Brooks phone number so that he could contact him and verify her story.

She then called Officer Brooks to locate her discharge papers that were left in his vehicle. Officer Brooks told her once he got off work he would bring her the paperwork. She said that when he arrived she met him outside and explained to him what happened with her vehicle and told him that she gave the detective his name and number to verify her story. She said that officer Brooks was okay with it.

She said on August 25, 2004, Ms. Left her a voice message, saying that she had told the police about officer Brooks. She said she tried calling him with no success.

Ms. said the last contact she had contact with officer Brooks was the Sunday after surgery. Ms. said she left him a voice message on his cell phone on Wednesday, August 25th, 2004. (See Attachment 2)

I conducted an interview with a second of August 31, 2004. She admitted that she was the one that had left me the voice mail on August 26, 2004

I asked her if she was with Ms. at the hospital when officer Brooks picked her up. She said yes. She and Officer Brooks were in the recovery room with Ms. While Ms. was receiving her discharge paperwork officer Brooks left to get his vehicle, he met them downstairs by the new building next to the emergency room. I asked her if I was the first time she drove in his vehicle she said yes.

I asked what kind of vehicle he drove and she stated it was a truck, bronze with silver tone, but wasn't his vehicle. I asked how did she know it wasn't his vehicle. She said he visited Ms. Approximately two times at the transition house, 1208 56th Street, Tacoma and that he drove a neon car with tan and gold/brown. She then said she sat in the back seat, while he drove them both to Ms. Appartment on "M" street. Ms said Officer Brooks helped Ms. Apparatment before them left.

I asked her how did she find out the officer Brooks was picking them up. She said before surgery Ms gave her a cell phone to call officer Brooks and said the number was programmed in her phone. I asked if she remembered the time she called him and she said it was around 3:30pm. I asked if she remembered what he was wearing when he picked them up and she said he was wearing blue uniform pants with a black t-shirt.

I asked when did she recognize that he was an officer. She said the first time he came to the transition house early January. I then asked if she and Ms and talked about him being an officer and she stated, "Yes, to told me not to say anything." I asked her why she hadn't said anything sooner and she said it was none of her business.

Ms. said once she contacted Detective Brooks and told him she was the driver of the vehicle that was involved in the hit run, she was surprised the learn that that Detective brooks knew that officer Brooks worked at WCCW.

She said On August 21st, contacted her for her hospital paperwork. She told her she had left them in Officer Brook's vehicle.

Conclusion:

On September 9, 2004, Offender was Polygraphed by Examiner William D. Tufts og GSR Polygraph Services, The purpose of the examination was to verify that offender allegation that officer Brooks knew she was an ex-inmate before he picked her up at St. Joseph Hospital after her surgery on her wrist. A polygraph examination could not be administered to Ms. Security because of her recent wrist surgery, being in pain, and taking medication. (See Attachment 3)

RECAP/Information Request by DOC

This recap of events/notes/information is documented at the request of DOC Investigator Kelley. I was contacted on 8/27/04 at approx. 0915 Hrs by Investigator Kelley. She inquired if Corrections Officer Brooks was involved in a hit and run in Tacoma, with case #042330782. I advised her he was not involved as a suspect, or victim, but he was a friend of a person who was involved. She then asked about his involvement.

I advised Investigator Kelley that O the registered owner of the suspect vehicle, stated C/O Brooks had given her a ride home from the hospital on 8/20/04 (date of hit and run) after she had a day surgery on her hand. I also advised Investigator Kelley provided a handwritten confession as the driver of the hit and run (parked car, property damage only-misdemeanor). SV/ drive O/ home after the surgery. On the day of the surgery, SV while at the hospital by C that O had already made arraignments for a ride home by C/O Brooks, and that she wanted SV to just take her car home for then stated that she decided to take the car to O residence while she was in surgery. This was when she hit the parked car, while attempting to pull out of the parking area, leaving the hospital. SV the walked back to the hospital, approx. s residence. When she arrived, O 5-6 blocks from O was just coming out of surgery, and told SV. to call C/O Brooks for a ride.

SV// called C/O Brooks, which she stated he came from work, and picked them up and then drove them to O state of s house.

During the interview of SV she had reference to knowing C/O Brooks from her time spent at Purdy (Prison). She also made reference that O also knows C/O Brooks from Purdy (Prison); however I did not inquire about the relationship, as it did not pertain to the investigation of the hit and run.

It should be noted that when I first talked to O on 8/23/04 she provided the phone number of C/O Brooks, (cell and stated he could validate her alibi. that she did not drive from the hospital, and that he gave her a ride home. She also stated he is "in law enforcement" and is a corrections officer at Purdy. At the time of this statement, I was not informed that O was a former inmate at Purdy, I did not call calling me, leaving a voice mail, indicating she was with C/O Brooks, due to SV/ that day also. SV/ later called and confessed to my voice mail about being the driver, and I was able to contact her and set up the interview. SVI to the County/City building on 8/25/04 and provided a handwritten confession. After she confessed, she provided her CCO name and phone number, CCO Jill Getty (253-680-2694). SV/ assembles asked me to give the CCO a "courtesy call" in regards to SV/ cooperation in the hit and run investigation. I then called CCO Getty and left a voice mail (her message indicated she would be gone until 8/30/04. My message contained my name/rank and phone number, and a brief message about SV confession/cooperation with the hit and run.

During my entire contact with SV she was extremely nervous about returning to Purdy Prison. She kept repeating how she wants to take responsibility for the hit and run, pay for damages, and feared going back to prison on parole violations.

Synopsis:	

Narrative

I am currently a Detective with the Tacoma Police Department Vehicular Crimes Unit, Hit and Run Detail. On 8/23/04 I received a voice message from One who stated she had been in day surgery, for her hand, at St. Josephs Medical Center. She later discovered her vehicle had been used in a hit and run collision.

One provided her information and requested a call back.

I was able to talk to O and atter in the day (8/23/04), and she related that she had arrived at the hospital around 11:00 AM, and left around 5:00 PM. When she went to the hospital, SV. Went with her, as a friend for support. O stated SV/more does not have a driver's license, and was at the hospital for moral support only. She added that she had already arranged another ride home, and planned on leaving her car at the hospital until the next day, when she would return and get her own car, since she only lives a few blocks from the hospital. O/ also stated that when she went into surgery, she gave SV more her belongings, including her purse.

When Course got out of surgery, she asked SV and for her purse, and SV. Stated the her house. They then left the hospital and went to O and the residence. Upon arrival Course stated she saw her car parked behind the residence. She stated that she is not suppose to park in the back because it blocks the rear access, and the landlord has asked her to park out front. O accept questioned SV about bringing the car to her residence, because she was not supposed to drive it. SV accept evaded answering questions about driving the car, and left.

Then next morning, O stated she went to move her car from the rear, and noticed the passenger side had fresh damage. She then drove it to her old address, where SV least lives (this is a transitional house for females being released from Purdy Prison). When she arrived, she was told that the police had come by last night, stating her car had been used in a hit and run. Of the time the called the police, got my phone number and called me, leaving the voice message.

O/ stated SV was the person driving the car at the time of the collision and that she was in surgery at the time. She also described SV which resembled the description given by the witness.

! was able to contact SV and at first she was backing O in the fact that Different was not the driver due to being in surgery. SV left several voice messages for me, and also stated she was the person driving and causing the collision, and she fled.

On 8/25/04 SV came to the County/City building for an interview. Det. Lucky and I then escorted SV/15/15 to the property side interview room, on the 4th floor of the County/City building (Criminal Investigation Division, Tacoma Police Department). Once in the interview room, I advised SV/15/15 to the Miranda Rights, which she acknowledged, understood, walved, and signed I began to ask her about the hit and run incident.

They also lived in the release residence together, until recently. Of contacted her approx. 2 weeks ago and asked her to be there during the surgery, and to take her car home for her afterwards. SV informed Office she did not have a driver's license, but Contacted another friend for the fide home, but she day of the surgery, she was told by Office she had contacted another friend for the fide home, but she still wanted SV was about take her car home for her after the surgery was completed.

SV said that as O was being taken into the operating room, she gave her purse, cell phone, and car keys to her to hold onto. SV selected that during the time that she and O was lived at the transition house together, she had been accused of stealing. When O gave her the purse, she felt very uncomfortable holding onto it. SV related that she decided to take the purse, along with the car back to O/was residence, and drop them off. She then went to the car, got in, and began to drive away. She stated as she was pulling out onto the street, the purses fell from the front seat. She bent over to get them, and as she did so, she struck the parked car, which she described as a yellow truck.

SV stated she knew she hit the parked car, and became scared. She was worried about going back to prison, and she fled the scene. She drove straight to Office house, and put the purse inside. She then walked around for a few hours, and then walked back to the hospital.

SV/ then provided a handwritten confession of the occurrences. During the entire time I talked with SV the was truthful, and apologized for her actions. She also stated that she has already paid

\$200 for damages to her car, and is willing to pay for damaged to the victim's vehicle. SVI also related that she was never told by O/ not to drive the car, and that she was asked to be at the hospital so she could bring the car home for O/ SVI SVI kept repeating how she was scared of going back to prison, which was why she fled the scene.

SVI and is currently under DOC supervision, and is registered at her listed address. Her driver's status shows an I.D. only, with the listed address. I am forwarding this case to the Tacoma Municipal Courts, requesting a summons for SVI regarding an unattended hit and run (RCW 48.52.010). This case is CLEAR-EXCEPTIONAL, SUMMONS REQUEST.
